

UNASHAMED

anthony huerta

For the past 3 years I have organized a men's retreat for Shiloh Ministries. This year was special because a similar ministry, Victory Life, joined the conference. All-in-all, there were 42 men chasing after God at the *Unashamed Retreat 2019*.

1. "806 Outreach"
March 28-April 10

2. INSPIRE Conference
April 12 & 13

3. Unashamed Retreat
April 28-May 3

The past 60 days have been like a fight scene from Avengers! March 28-April 10, I led an *outreach* to Hobbs, NM & Lubbock. We came back to YWAM's annual worship & mission's conference, *INSPIRE*, on April 12 & 13. I was barely getting off the carpet with God, when the 3rd annual *Unashamed Retreat* kicked-off, from April 28-May 3rd. While writing this, I am in Virginia Beach getting ready for round-two of *INSPIRE* in collaboration with New Life Church. Here are a few hi-lights from God's exploits!

1

Hobbs, NM & Lubbock Outreach

I led a team of 28 back to West Texas last month. It was the 5th outreach in 16 months to the area. The trust built with the ministries is deep; another trip is in the works for November!

INSPIRE

This year's theme of the conference at YWAM Tyler was *UNEARTHED*-which is exactly what God did! Dreams were unearthed, healings occurred, and hope was restored. Find out more at ywaminspire.com.

UNASHAMED RETREAT

Last week, the men went on a journey of removing shame from their past & present, then came to a position of dreaming for their futures with God, *unashamed of the gospel*.

Recent Reflections

Recently, I have witnessed the LORD *open doors no human can shut*. It has been wild to watch, but through simple, consistent steps of obedience, *Revelation 3:8* is becoming reality in my life-and it is incredibly humbling. By welcoming Holy Spirit into decisions to a new degree, I have felt my sphere of influence increase, and I am grateful for this exciting life! I love jumping from *national events*, to *outreaches*, to YWAM Tyler's conference, to a men's retreat, which is geared towards guys that are in position's I was, just a few short years ago. The relationships and community the LORD has orchestrated around me provide structure, and the intimacy with my savior is my motivation. There have been tidal waves of learning curves, and I've walked through hundreds of lessons, but sitting here today I am grateful for the hope of my testimony that is framing my future. I am learning, "things just go better, when there is intentionality to seek God about *everything*." I can't wait for the next *open door*, and the lessons I'll learn.
